ROAD MEETING
AT PIKEVILLE
OCTOBER 4THMovement for a Great High-
way From the North
to the South

Citizens of all Big Sandy valley counties are called to meet delegations from Virginia, Tennessee and North Carolina at Pikeville, Ky. on October 4th to organize an association to promote "The Appalachian Crossover," a hard road connecting Mayo Trail, Lanesboro Pike Trail, and Tennessee Headwaters road.

This is a movement that already has received a good deal of attention, especially from Big Stone Gap, Va. Mr. John W. Chesley, a prominent attorney of that city, has been very active for this project and we publish here-with, an extract from a letter recently sent out to persons along the route of the proposed road:

"The most direct highway line from the great industrial cities of Detroit, Cleveland, Toledo, Akron, and Columbus to the South passes through Eastern Kentucky, Southwest Virginia and East Tennessee, and in so doing passes through the parts of these three states richest in developed and undeveloped natural resources, in magnificent scenery, and in beautiful and productive agricultural lands. A number of us here for some time have been considering the organization of a Highway Association to promote a North and South paved highway from the Ohio river at Ironton, Ashland, Catlettsburg and Huntington due through the Big Sandy through Pound Gap (the only available point) on the Kentucky-Virginia line, and thence on through Wise and Lee counties, Virginia, into East Tennessee to Knoxville and to Asheville, North Carolina. It is the northern end of such a road connections can now be made over paved highways to the Lake cities and elsewhere; and at the southern end to the South Atlantic and Gulf sections.

Every intelligent person can readily see some of the many and various tremendous advantages that would accrue to every town and every community along the proposed highway from this section.

Let's Go To Pikeville. To be on such a trunk line highway is a big advantage, apparent to all. Every county in the valley should be represented by a large and enthusiastic delegation. Remember the date and go.

CONGRESSMAN IS
AT DEATH'S DOOR

Congressman Joseph Mansfield of the Ninth Texas district, was reported in a message received Sunday to be at the point of death in a Washington hospital, as the result of a stroke of paralysis, suffered some days ago.

Congressman Mansfield is a native of Wayne-co., but had lived in Texas for many years. He is a brother of W. L. Mansfield, for many years a leading West Virginia newspaper man, but who now lives in Texas.

Congressman Mansfield's aged mother, Mrs. Amanda Osborn resides at Wayne.

ATTORNEY OTTO GARTIN.

Otto Gartin, rising young attorney who has the distinction of being the youngest member of the bar, made his maiden venture in trying a criminal case Friday at Catlettsburg. He was appointed by the court to try a man who was accused of breaking into and robbing a store. He was so eloquent and appealing in his defense that the court and spectators were nigh wrought to the point of tears and the defendant himself was practically made to believe in his own innocence in the face of great odds as to evidence notwithstanding. Now the clients of the other attorneys, when proven guilty were given the limit 1 to 5 years but in this case, Mr. Gartin's client was given only 1 to 3 years and ten months. Mr. Gartin is sure to make his mark and will be heard from much in future years.—Ashland Independent.

M. E. CHURCH SOUTH.

The Junior Missionary Society held an interesting meeting on Sunday afternoon at the church with Mrs. E. W. Kirk, superintendent in charge. The Young People's Society will meet Saturday afternoon with Misses Elizabeth and Martha Yates at their home on Main-st.

BOY KICKED BY HORSE.

Hugh Norris, five year old son of J. B. Norris of Jenkins, was kicked by a horse on Wednesday morning, near the home of his grandfather, Dan W. Blankenship in Louisa. His nose was broken, his face was cut and he was badly hurt. Mrs. Norris and children are visiting here.

MISS FRESSE LEAVES.

Miss Katharine Fresse left Saturday for Bethany, W. Va., where she will have charge of the department of music in Bethany college. She had been here a few weeks to spend her vacation with her parents, Mr. and Mrs. F. F. Fresse.

Newman Marcum, small son of Jas. N. Marcum, fell and broke an arm while playing ball Tuesday. This is the third time the arm has been broken in the same place.

ROS COE "FATTY" ARBUCKLE

Famous screen comedian who is charged with death of Miss Virginia Rappe, moving picture actress, following a party in Arbuckle's hotel rooms.

City Council to
Have Important
Meeting Sept. 27

The City Council will meet Tuesday evening, September 27, at 7:30 o'clock, to complete the settlement as to State aid paving. All who want the benefit of State aid on the paving from the Chas. Branham property on Lock avenue to the railroad on Main street are expected to pay for their paving by that time. If there are any who do not desire to meet the conditions and participate in this aid, but who prefer to take the ten year plan without State aid, it is expected that bonds will be issued at that meeting against the property in such cases.

Another matter that will come up is the question of sidewalks or pavements in Italy addition. An order will probably be made to have the property owners do one or the other, whichever the majority of Italy citizens desire. All those citizens are requested to be present.

Also, it is said the council may order a sidewalk built from near the public school building to the street in Italy, if the Brown addition is dedicated to the city by that time.

Also, a sidewalk from U. G. Carey's corner to James Hale's residence property will be considered. In order to get such work done by cold weather it will be necessary to start it as soon as possible.

WISE COUNTY
MAN CHARGED
WITH MURDER

Frank Wright, of Pond, Wise-co., Va. charged with the murder of Preston Bentley and the shooting of Dave Magret, at Pond on Christmas day, 1920, was arrested at Beckley, W. Va.

Wright is the son of John Wright Wise-co., and is said to be a bad actor. Wright was on parole from the Virginia state prison when he is said to have killed Bentley and shot Magret last Christmas. He had been sentenced to eighteen years in the state prison for another murder in Wise-co., a number of years ago.

Wright does not deny the murder of Bentley and the shooting of Magret, it is said, but claims he shot in self defense. He has been working in the Winding Gulf coal field since he made his get-away from Wise-co. He was taken back to Wise court house where he will stand trial for the alleged murder of Bentley at an early date. Magret is said to have fully recovered from the wounds inflicted by Wright, and will appear as the prosecuting witness in the case.

LEFT FOR SCHOOL.

Among those who were leaving for school the first of the week were Victor Muncy, who returned to the University at Lexington and John D. Marcum, young son of J. N. Marcum. He has entered the Tennessee Military Institute at Sweetwater, Tennessee.

Miss Daisy Lee McClure daughter of Mr. and Mrs. John J. McClure of Torch light, has gone to Berea where she is a student in Berea college.

Miss Maxie Wellman of this place and Miss Emma Martin of Drift, left Monday night over the N. & W. for Bristol, Va., where they are students in Sullivan College. They both attended that school last year. Miss Martin is the daughter of A. L. Martin and lived in Louisa a few years ago. Miss Ruth Woods left at the same time to enter Martha Washington College at Abingdon, Va., which is about thirty miles from Bristol.

MARRIAGE LICENSES.

Kelcie Bartram, 21, to Onoida Cyrus, 21, of Fort Gay.

Thma. Wiley, 50, to Carrie Church, 30, of Gallup.

Fred Shannon, 26, of Prichard, W. Va., to Irene Riggs, 15, of Fort Gay.

Lawrence Shannon, 22, to Sophia Meek, 21, of Clifford.

Key Spence, 21, to Emma Watts, 21, of Stelton, W. Va.

BOND ISSUE OF
FIFTY MILLIONS
IN KENTUCKYMovement Started That
Would Build all Primary
Roads Within 7 Years

The meeting of the Kentucky Good Roads Association at Louisville Thursday of last week was largely attended and some definite plans were adopted which promise big results.

A plan was submitted by which a bond issue of \$50,000,000 may be made and paid off without increasing taxes one cent. Forty-two millions would be used for building the primary roads through every county in Kentucky. The other eight millions would meet the urgent needs of the state schools, asylums, prisons, and the State fair.

The plan will be submitted to the next Legislature and it is believed that body will take the necessary steps to have it voted on by the people.

Under the present State road fund income the state can build and maintain only about as much roads per year as are annually worn out. So it is plain that the great primary system for the entire state can never be completed without a larger supply of money.

Forty-two millions will enable the road department to build the system in six or seven years and the present road income can be so used under the Association's plan that it will return the bond issue and interest in thirty years. No other plan has ever been suggested that will give us roads soon enough to be satisfactory.

RAILROAD SERVICE
POOR AND COSTLY

The writer of this article was one of a number of passengers who bought tickets to Catlettsburg, Ashland and other points Monday and stood in the aisles of a Big Sandy train all the way to our destinations. An average of fifteen persons stood in each coach. We were told this condition prevailed all the way from Pikeville down, and that it happens frequently.

During the war and the strenuous business period following it up to last spring the people were very patient with the poor service rendered by the railroads. The newspapers likewise withheld criticism. But now, with business so light that railroads and all other lines are howling for more, it seems to us that the time for patiently submitting to such indifferent service has passed. Idle cars crowd the sidings. No good reason can be assigned for trains carrying so few coaches that the people are herded into them like cattle and forced to stand for hours, at the same time paying exorbitant mileage for the privilege. Traveling this way in the antiquated cars used on the Big Sandy division is but little better than riding a fence rail.

The excuse may be offered that this does not occur every day and this, no doubt, is true, but it is the business of the railroad management to keep alive to the events and seasons that influence the volume of travel. If Mondays and Saturdays are the big days more coaches should be carried than on other days. When United States Court opens at Catlettsburg, more cars should be added to the trains for two or three days. When public days or large attractions occur along the line the railroad should provide additional equipment. If they have no system of keeping up with these events they should get one. This is service that may reasonably be expected by the public. The old days when a certain high railroad official "got away with" an answer to a public demand with the words, "The public be damned," are gone forever.

Exorbitant Chair Car Rates. There is another matter that demands a loud kick in connection with the Big Sandy division, and that is the minimum charge of 51 cents for riding three miles or thirty miles in the chair car. This is in addition to the fare of four cents per mile. The war is over. It has been over long enough to let go of this graft. Many persons are forced into the chair car by the inadequate day coach equipment and often by the lack of seats in the coaches. It is unfair and outrageous to make such a charge for short distances. 25 cents was the minimum charge before the war, and that was the amount charged from Louisa to Ashland. What justification can be offered for a charge of three and a fourth times that rate? The C. & O. has no piece of railroad that returns more business on the investment than the Big Sandy division, nor one that receives less in the way of service.

It is time to kick.

And we are not the only one who thinks so. Read the editorial from the Courier-Journal copied in this issue.

AGED CITIZEN OF WAYNE DIES

Guy Miller aged 84, of East Lynn, W. Va., died Sunday night at the home of his grandson, Moss Mills. A stroke of paralysis suffered three days before caused his death. He had walked to the polls on Thursday and voted. He was a veteran of the Civil War.

STATE S. S. CONVENTION.

The Kentucky Sunday School association will hold its annual meeting at Newport Oct. 4, 5, 6. An excellent program has been provided.

CIRCUIT COURT
IN SESSION HERESparks Murder Case From
Elliott County Now
Being Tried.

Lawrence Circuit Court met in regular session last Monday with Judge Clisco presiding. John M. Waugh was present, but turned the office of Commonwealth's Attorney over to Thos. S. Yates on Tuesday. He is assisting in the prosecution of the Richard Sparks case. Mr. Yates entered upon his duties with a good deal of vigor. Judge Clisco's instructions to the grand jury were very strong, as usual.

The jury are as follows:
Grand Jury:—Morton Sparks, for-man; M. B. Hutchinson, J. W. Akers, Dick Skaggs, Andy See, Bill Barnett, W. D. Bartram, A. L. Moore, D. W. Elwick, G. B. Carter, Will Prince.

Petit Jury:—J. H. McClure, John R. Diamond, Ham Walden, Roscoe Fugitt, Wm. Johnson, Garfield Roberts, Bill Chadwick, Jesse D. Adkins, W. B. Huff, Tom Shannon, John D. Adkins, Sam See, John Evans, Charley Daniel, G. W. Chock, Eugene Crank, Geo. Fickelimer, Ned Polley, Charles W. Daniels, Wallace Jordan, R. T. May, Henry Johnson, Heck Thompson.

Misdemeanor cases occupied the attention of the court up to Thursday, when the case of Richard Sparks for the murder of Mary Sparks was called. This case was moved here from Elliott county. A large number of witnesses are here.

The case against Nibert Damron has been continued until next court. An indictment has been returned against J. C. Moore of Huntington for embezzlement and the case is set for tomorrow. He is charged with selling John Brickner and Robt. Castner the agency for an automobile and failing to turn in the money.

WAYNE RETAINS
THE COUNTY SEAT

The vote taken last Thursday on removal of the county seat of Wayne-co., W. Va., to Kenova resulted in a victory for Wayne, the present seat of government.

812 votes is the margin by which Wayne defeated Kenova, according to the returns given out.

Fort Gay and other points along the river voted strongly for Kenova, but the districts of the center and eastern parts of the county carried the election.

Three-fifths of the votes cast were necessary to move the court house. 8,088 votes were cast out of 12,875 registered voters.

2,500 Students at
State University

Lexington, Ky., Sept. 19.—Hundreds of students from all parts of Kentucky and some from other States also arrived here today from the opening of the University of Kentucky Wednesday. From reservations made an attendance of approximately 2,500 is forecast.

Because of lack of dormitory accommodations between 150 and 200 girls will be turned away and men will be forced to find lodging and board in town, it is stated by college authorities.

A Word to Parents
of Primary Pupils

The Louisa Board of Education desires to explain the situation as to pupils in the primary grade of the public school. In this department of the building the seating capacity is sufficient only for 60. Nearly 100 are enrolled. It was thought best to divide the time of the pupils and have them come at different hours. This is considered a very desirable arrangement for these small children, as it enables the teacher to give individual attention to each pupil and avoids confusion and congestion. The hours are long enough for the little ones and they should make better progress.

Parents can greatly assist in the success of the work by sending their children at the proper time and keeping them at home when it is not their time to attend.

BIG SALE NOW ON.

Attention is called to the big sale now going on at my store in Louisa. This is your best chance to buy fall and winter supplies. Goods are going up and you will pay more later. Cotton and woolen goods already are higher in the markets. I bought heavily just before the advance, and am giving the people all the advantage of the lowest price. It will be your fault if you miss it.

OPERATION FOR APPENDICITIS. Mr. Bert Sparks of the merchandising firm of Sparks & Sparks, went to Ashland a few days ago and submitted to an operation for appendicitis. He had had five attacks of the trouble. He is getting along very well.

SOLDIER'S BODY RETURNED.

Funeral services for Harry Adkins, who died in France in 1918 while in army service, were held Sunday at the home of his parents at Fort Gay, W. Va. The body arrived there Saturday.

H. B. HIGHBARGER
KILLED BY CURRENT
OF ELECTRICITYLouisa Citizen Loses His
Life While Working
at Welch, W. Va.

Henry B. Highbarger, a civil engineer, was instantly killed at Welch, W. Va., on Thursday of last week by an electric current of 4400 volts. He was laying off a piece of land into town lots. At the time of the accident he held one end of a steel tape in one hand and with the other hand threw the tape several feet to

rier. The tape came into contact with a live electric wire that was not insulated and the current was carried to his body, causing instant death.

The body was brought to Louisa Friday and taken to Little Blaine for burial.

Mr. Highbarger was about 56 years old. He came here from Anderson-co., Ky., about 30 years ago and soon afterward married Miss Victoria, daughter of Russell Thompson, near Mattie. She and eight children survive, the youngest being about 7 years old. They have lived at Welch about two years.

Mr. Highbarger was a competent engineer, a sober, honest man and his tragic death was a great shock to his many friends in Lawrence county.

ANNOUNCEMENT OF THE
LOUISA AND LAWRENCE
COUNTY HIGH SCHOOL

The formal opening of the first annual session of the Louisa and Lawrence County High School was held in Masonic Hall on Monday, September 12, under very auspicious circumstances, and with a splendid initial enrollment. The work of the session will continue through a term of 9 months and the course of study embraces four full years of high school work, being the standard course adopted by the state for all class A high schools.

This school was organized to meet the requirements of the Kentucky school law which compels each county and city to provide a standard high school for their students who have completed the work of the Elementary schools.

The teachers of this county are particularly fortunate in that this school has been established just at the time when the new certification law requires some high school work to have been done by every teacher who offers to take the examination for a certificate to teach in the rural schools.

The new certification law provides that after July 1, 1922, applicants for an elementary certificate of the first grade shall have had at least one year of high school work and in addition thereto five weeks study of professional subjects in a State Normal or some other school recognized by the State Board of Education, and that after July 1, 1924, such applicant must have had two years of high school work and ten weeks professional study, and after July 1, 1926, such applicant must have had four years of high school work and twenty weeks of professional study.

It may readily be seen from the foregoing that for the next five years the school law and the Department of Education are both placing practically all the emphasis on the high school requirement and very little on the Normal School requirement. In fact, the State Department of Education expects to give the teachers work in a summer normal conducted every year in each county under the direction of the State Department of Education.

The Louisa and Lawrence County High School affords the teachers of Lawrence county the opportunity to meet these advanced requirements in high school work. Its faculty is made up of teachers who are graduates of standard colleges and who have had years of experience in every phase of school work. Its equipment meets the exacting requirements of the State Department of Education and its course of study prepares either for admission into any college or for the active duties of life.

C. B. WALTERS,
Chairman Board of Education.

DEAF AND DUMB CHILDREN.

At Webb, W. Va., a rather unusual incident took place the other day when fourteen deaf and dumb boys and girls boarded the train for Romney, W. Va., where the deaf and dumb school is located. At Webb there are not many houses, but these mutes had come from that vicinity, all living within a few miles of the place. Webb is located in Wayne-co.

EASTERN STARS.

The new officers recently elected by Louisa Chapter, O. E. S. were installed Tuesday evening. A pleasant social hour was enjoyed at the close of the meeting, a tempting salad course being served. The members have planned a gypsy supper for next Thursday evening and invite all their friends to go along. Details have not been worked out yet, but all who attend will be assured a delightful time.

PIE SOCIAL AT LEDOCIO.

There will be a pie social at Ledocio school house Saturday night, October 1, for the benefit of singing school. Everybody come and help us in the social and after the social, everybody is invited to attend the singing school. Come and help us, one and all.

Garland Carter is improving after an illness of several days.

to Big Sandy People

September 17, 1921.

Mr. M. F. Conley,
Big Sandy News,
Louisa, Kentucky.

Mr. Dear Mr. Conley:—On behalf of the Ashland Chamber of Commerce, the Boosters who accompanied us and the citizens of Ashland, I wish to express to you our deep appreciation of the whole-hearted way in which the people of your community received and entertained us. We feel that our trip has been a success in every way and that the opportunity which it afforded of our meeting you and renewing old and creating new friendships will do much to join the Big Sandy valley and Ashland together for the purpose of solving our mutual problems.

I wish that you would convey to all of the citizens of your community our deep appreciation of the sincere and whole-hearted reception which was accorded to us and assure them that we appreciate it. We trust that our trip will be the beginning of a closer relationship between Ashland, Louisa, and the whole of the Big Sandy valley.

We are all looking forward to another trip next year. Should the Ashland Chamber of Commerce be able at any time to assist you, we shall be more than glad to do so. Again let me assure you of our deep appreciation and of our friendship.

Sincerely yours,

WILLIAM H. MILLER, Secy.

WAUGH RESIGNS
AS PROSECUTOR

John M. Waugh, who has been Commonwealth's attorney in this district for about 18 years, resigned Monday and Governor Morrow appointed Thos. S. Yates, of Carter-co., to serve out the term, which will end the first of next January.

Mr. Yates was a candidate for the Republican nomination for Commonwealth's attorney in the recent primary, but was defeated by W. T. Cain.

BURGESS-ZINK.

A very quiet wedding took place at the home of Dr. C. F. Bond, 2506 Broadway, on Thursday at 8:00 o'clock p. m. when Mrs. Vic Burgess, a sister of Dr. Bond, became the wife of Mr. Charles Zink of northern Illinois. The wedding was quite a surprise to their friends.

The ceremony was performed by the Rev. Isiah Cline of Pollard, Mrs. Zink being a member of the M. E. Church on Panola-st., this city, and he having been her favorite pastor who had known both her home life and her christian character for several years and in extending congratulations he assured Mr. Zink he was taking away with him one of Kentucky's best girls, for though past middle age she looked pretty and girlish in all white bridal costume.

Mrs. Zink is a general favorite among her friends in the Big Sandy valley and always has a kind word for everyone. She is an all round good woman who will be missed by those with whom she associated and who knew her best and loved her most. She is a sister of Dr. Chas. Bond of Catlettsburg, Dr. O. K. Bond of Ashland and Dr. A. C. Bond of Pikeville, and she was the mother of four sons who wore the uniform of their country during the world war and who are all married and in homes of their own. She frequently visited here and at Ashland and made many friends whose good wishes follow her. It was while spending the winter at Ashland that she met Mr. Zink, their correspondence lasting over several months. Mr. Zink is a merchant and is reported to be quite wealthy. He is a man of sterling worth and good character and a thorough christian. Mr. and Mrs. Zink were at the hotel Magann before leaving for a short trip to some of the western cities after which they will be at home at Lena, Illinois.

ASHLAND'S GREATEST

The Underselling Store's
BIGGEST EVENT

MILL END SALE!!

ASHLAND' PEERLESS SEMI
ANNUAL BARGAIN EVENT

—AND JUST IN THE NICK OF TIME

It matters little what we say in this small space. Ashland's Real Mill End Sale is so familiar to most folks that they will note that the sale begins Saturday, September 24th and plunge into reading the bargains, well knowing that values are what really make a sale. So we have given most of the space to the bargains themselves. They are greater than anything we can say about them. Ashland's Real Mill End Sale is based not on talk, but on merchandise—not on bragging, but on bargains—not on words, but on deeds. The High Cost of Living is America's biggest problem and the main concern of every family. Again after a temporary lull, the newspapers are filled with talk of high prices to come. Ashland's Real Mill End Sale is filled with talk of LOW PRICES now and with bargains that back up the "talk." It comes just in the nick of time to afford relief just when most needed.

IT DOESN'T FOLLOW OR IMITATE

Ashland's Real Mill End Sale is arranged by the Underselling Store's own department store organization—buyers and distributors of merchandise who have intimate expert knowledge of their goods and their markets. Their constant effort is to raise standards of merchandise quality and lower prices—and to give more for your money. It has taken months of planning, far ahead contracting and immense quantity cash buying to obtain these bargains. While there have been temporary "breaks" in the market we were quick to take advantage of them before the situation tightened up again. It was a giant task even backed by cash buying power of this organization equal to that of many stores buying as one to get goods of good dependable quality at such prices as would offer genuine savings to you.

ASHLAND'S GREATEST

The Underselling Store's
BIGGEST EVENT

MILL END SALE!!

ASHLAND'S PEERLESS SEMI
ANNUAL BARGAIN EVENT

AND JUST IN THE NICK OF TIME

It matters little what we say in this small space. Ashland's Real Mill End Sale is so familiar to most folks that they will note that the sale begins Saturday, September 24th and plunges into reading the bargains, well knowing that values are what really make a sale. So we have given most of the space to other bargains themselves. They are greater than anything we can say about them. Ashland's Real Mill End Sale is based not on talk, but on merchandise—not on bragging, but on bargains—not on words, but on deeds. The High Cost of Living is America's biggest problem and the main concern of every family. Again after a temporary lull, the newspapers are filled with talk of high prices to come. Ashland's Real Mill End Sale is filled with talk of LOW PRICES now and with bargains that back up the "talk." It comes just in the nick of time to afford relief just when most needed.

The Under-Selling Store

ASHLAND, KENTUCKY

IT'S DIFFERENT FROM ANY
SALE ANYWHERE

IT DOESN'T FOLLOW OR IMITATE

Ashland's Real Mill End Sale is arranged by the Underselling Store's own department store organization—buyers and distributors of merchandise who have intimate expert knowledge of their goods and their markets. Their constant effort is to raise standards of merchandise quality and lower prices—and to give more for your money. It has taken months of planning, far ahead contracting and immense quantity cash buying to obtain these bargains. While there have been temporary "breaks" in the market, we were quick to take advantage of them before the situation tightened up again. It was a giant task even backed by cash buying power of this organization equal to that of many stores buying as one to get goods of good dependable quality at such prices as would offer genuine savings to you.

The poet's lines comes to mind as we look out over the fields and see the corn in shocks. "Heap high the farmers' wintry hoard, heap high his golden corn."

It has been said that "A guilty conscience needs no accuser." When we see people running or dodging an officer we are forced to believe that he is guilty of some offense or he knows the other fellow is.

We hear preachers preach against sin and crime yet wink at it if the fellow will only chip in his mite when the hat is passed.

As long as crime encouraged it will flourish. The only way to stop crime is for every law abiding citizen to report every offense against the statute they see committed.

When boys think that crimes will be reported before the grand jury and the court will prosecute them they will stop committing them.

A large number of people has passed through enroute to Louisa to attend court.

Myra Cunningham was brought home Sunday somewhat improved in health.

Rev. Flynt of Glenwood preached a very able and interesting sermon at Olliville Sunday evening to a large congregation. He will preach there again the first Saturday night in October.

Come to Olliville Saturday night the 24th to the pie mite and ice cream festival and spend a pleasant evening.

Messrs. W. S. Queen and Luther Webb of Glenwood were here Sunday. Some of our dealers in live stock have been shipping some fine cattle.

If the number of hucksters on the road is any criterion of prices and the demand for produce there is a wonderful demand just now.

Hobart Brainard, wife and children are visiting his parents here and have been for some time.

There was no school at Baker Friday as Mr. Ellis, the teacher was at Louisa.

If we have been correctly taught Old Sol is now sending his rays of light from the north pole to the south pole.

DONITHON

Mr. and Mrs. L. C. Chapman have returned home after a few days visit with home folks at this place.

C. M. Meredith was a caller in Louisa Tuesday.

Several from this place are attending the revival meeting at Summit.

Several attended church at the Baptist Sunday. An all day meeting was announced for the first Sunday in October to be held at the cemetery at the mouth of Vinegar branch when the funerals of Mrs. Tennie Moore Jordan and Mrs. Cussie Hardy will be preached.

Mr. and Mrs. Rufus Fitzpatrick of Kenova were on our creek Sunday.

Doi Hughes was a caller in our community Monday. THE FIDDLER.

CANEY

School at this place is progressing nicely.

Uncle Isaac Ratcliff's funeral was preached at the Caney school house Sunday and was largely attended.

Andy Ratcliff of Holden, W. Va. was visiting home folks Sunday.

Lindsay Webb was calling on his best girl on Bruin recently.

Mrs. A. L. Ison and Minnie D. Webb were business callers a Webbville Saturday.

Miss Heaster Boggs spent Tuesday night with her sister, Mrs. Ernest Thompson.

Uncle Fless Kitchen, who has been very low is improving.

Leonard Kitchen came very near losing an eye by being struck with a base ball while playing Saturday.

Edith Hyton was making his usual call Sunday.

Mr. and Mrs. Ern Thompson were calling on Mr. and Mrs. Willie Ison recently.

Willie Ison is expecting his brother from Cincinnati to pay him an extended visit soon.

John Black of Ashland is visiting relatives at this place.

Enoch Cordle of Blaine was visiting at Webbville recently.

We will organize Sabbath school at the Caney Fork school house next Sunday evening at 2 o'clock. Everybody come. ROSE.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broad doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, laxative.

Get a package from your druggist today—ask for and insist upon Thedford's—the only genuine.

No other phonograph can do it!

No other phonograph even dares the test which the New Edison underwent Sept. 6th, before a large audience at the M. E. Church, South.

That fact is something for you to think about.

The test of comparison with living artists is the only phonograph test which means anything. It is the only way in which a phonograph can irrefutably prove its realism. It is the most drastic of all phonograph tests. To sustain it, requires absolutely perfect realism,—nothing less.

On Sept. 6th, the New Edison stood by Elizabeth Spencer's side in the M. E. Church South. If you were there, you heard the living voice and the RE-CREATED voice brought into direct comparison. You know that there was no difference between the two voices.

By this wonderful performance, the New Edison has placed itself apart from all other phonographs and talking machines. It alone has sustained this drastic test. It alone has proved, concretely and conclusively, that it gives you the living performances of great artists.

The NEW EDISON

"The Phonograph with a Soul"

Any Official Laboratory Model you buy in our store will positively sustain the test made at the M. E. Church South. We will give you our guarantee to that effect. Come in and hear this instrument in

some further tests of its realism. Learn that you can have an Official Laboratory Model of your own, on a very small cash outlay. We will make a gentleman's agreement with any music lover.

CHERRYVILLE

Bro. Sammons preached an interesting sermon at this place last Sunday and there is prayer meeting every Saturday night here. Mrs. James Hunsley is very sick at this writing. Herbert Lemasters is moving back to Donithon. We are sorry to see them go. Mr. and Mrs. Jimmie Lemasters were over from Donithon Sunday attending church and visiting relatives. Mr. and Mrs. Blanche Priest were dinner guests of Mrs. J. W. Harris Sunday. Mrs. Cordie Childers of Louisa was the guest of her daughter, Mrs. Sam McHenry over Sunday. Sam McHenry is making sorghum at this place. Mr. and Mrs. J. W. Harris made a business trip to Cincinnati last week. J. W. Harris will soon move his saw mill to A. H. Perry's place. Mr. and Mrs. McClellan Sammons were calling on our creek Sunday.

GEORGES CREEK

The ball game between Fugitt and Tadpole was very interesting Saturday evening. Score 9 to 0 in favor of Fugitt. Curt Preston is an excellent pitcher. Will, the little son of J. D. Burchett, was badly hurt while attending the ball game Saturday. The bean stringing at Bill Scarberry's was largely attended. The birthday party given by Will, the little son of J. D. Burchett, was attended by many little folks. All had a very good time. Singing school at this place every Sunday evening. Frank Goss was a business caller in Louisa Monday. Bill Preston has left for Tomahawk where he is employed. Edgar Goss made a business trip to Richardson Tuesday. John Stewart and Rebecca Wells attended the ball game at Fugitt Sunday. Tom Miller was the dinner guest of John Preston Sunday. Jessie Childers and Mason Preston will leave soon for Ethel, W. Va. where they are employed. BUB.

The Newlyweds have a home in the suburbs and Mrs. N. was relating her disappointment with her garden to a sympathetic caller. "We did hope to have luck with our tomatoes," she said, "but even these failed us." "What was the trouble?" "You know there are several kinds of tomatoes and we thought we had planted the red kind, and now those horrid old tomato bushes are just covered with the green ones, which we don't want at all, as we never eat pickles."

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. The only medicine I have needed has been something to aid digestion and clean the liver, writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

No other phonograph can do it!

No other phonograph even dares the test which the New Edison underwent Sept. 6th, before a large audience at the M. E. Church, South.

That fact is something for you to think about.

The test of comparison with living artists is the only phonograph test which means anything. It is the only way in which a phonograph can irrefutably prove its realism. It is the most drastic of all phonograph tests. To sustain it, requires absolutely perfect realism,—nothing less.

On Sept. 6th, the New Edison stood by Elizabeth Spencer's side in the M. E. Church South. If you were there, you heard the living voice and the RE-CREATED voice brought into direct comparison. You know that there was no difference between the two voices.

By this wonderful performance, the New Edison has placed itself apart from all other phonographs and talking machines. It alone has sustained this drastic test. It alone has proved, concretely and conclusively, that it gives you the living performances of great artists.

The NEW EDISON

"The Phonograph with a Soul"

Any Official Laboratory Model you buy in our store will positively sustain the test made at the M. E. Church South. We will give you our guarantee to that effect. Come in and hear this instrument in

some further tests of its realism. Learn that you can have an Official Laboratory Model of your own, on a very small cash outlay. We will make a gentleman's agreement with any music lover.

In a speech to the Kentucky Good Roads Association at Louisville last week Gov. Morrow said: "Everybody wants good roads, but nobody wants to pay for them." He may have put it a little too strong, but those who give their time and best efforts to the promotion of such work find a surprising number of persons of that kind.

It seems that our law making bodies have been slow in requiring proper protection to life and property in the matter of electric lines carrying heavy voltage. The case of Mr. Highberger, whose death is recorded in the NEWS this week is a vivid reminder of the necessity of legislation that will make such tragedies impossible. No company or government has any right to subject the people to such deadly traps.

We are requested by the State Superintendent of Education to call the attention of the people to the fact that two or more members of the county boards of education are to be elected in November of this year.

FOR SALE:—Folks if you want to buy a farm or house and want to get where there is good hard roads to market, come to Lawrence county, Ohio. We have for sale some of the best farms. Also, all kinds of city property. Remember Lawrence county is the home of the big red apple. See BUNN & COPPES, Real Estate dealers, 310 Center St., fronton, O. 2t

A. J. AUSTIN THANKS THE VOTERS FOR THEIR SUPPORT

Ulysses, Ky., Sept. 19, 1921.
To the Voters of Lawrence county, Greeting:—As is well known I entered the race before the Democratic primary August 6, for the office of Sheriff. For some time after I entered the race I had no opposition. Later Mr. J. W. Young entered the race also. When he did so I realized that I had a strong man to contend with, a man of high character. It was but a short time after I began canvassing the county that I took ill and was no longer able to leave my home and, therefore, could see but few people in my interest.

The vote at the primary showed that I received a very complimentary endorsement from all parts of the county. In fact, more than I expected under the circumstances.

I want to say to my friends who supported me at the polls and sympathized with my race, that I thank them more than I can express. I want to say further that I was not disappointed at the result but I was and am now perfectly satisfied with the nomination of my opponent, Mr. Young and hereby appeal to every man who voted for me to go to work and support Mr. Young with the same zeal that you supported me. If any man in the county should fail to do this it would be a disappointment to me and for him to do so would be the most pleasing thing he could do.

I am for Mr. Young and intend to do everything I can for his success in November. A. J. AUSTIN.

LITTLE LOVER

INEZ ITEMS

Circuit court adjourned Tuesday after being in session sixteen days. The entire time was given up to the trial of penal and criminal cases. The case of the Commonwealth vs. Dan and Jasper Harmon, charged with the murder of Isaac Muncy was tried. The Commonwealth was represented by Atty. Rice, County Atty. Clark, Hon. M. C. Kirk and Hon. W. R. McCoy. The jury acquitted Jasper Harmon and found Dan guilty and fixed his sentence at ten years in the penitentiary. The case of the Commonwealth vs. Harrison and James Moore, charging them with the murder of Henry Blackburn, a deputy sheriff, was the last case tried. This was the hardest fought criminal case that has been tried here since the trial of H. C. Cassady for killing Joe Kirk. The Commonwealth was represented by Atty. Rice, J. B. Clark and M. C. Kirk. The defense was represented by Judge A. J. Kirk and W. R. McCoy. After the case was submitted to the jury a verdict of not guilty was returned in about twenty minutes. The case against T. J. McCoy and others, charging them with the murder of Judge J. J. McCoy, was called in this term but was continued for the defense. This case is attracting more attention than any other case possibly, ever docketed in this court. There is an array of counsel for the defense, including Judge A. J. Kirk and M. C. Kirk. The Commonwealth among other counsel will be represented by Hon. J. M. Waugh of Ashland.

Opportunity's Appearance

Now is the best time to build the world has ever known; the country is far behind with its building, and at this time it is going, it will take many years to get back to normal. The demand for housing facilities is greater than it has ever been before. Rent is so high that it ought to be an incentive to anyone to build a nice dwelling or business house to rent. If the country should double its production of houses, it would take ten years to catch up to the required number that should be built during the year.

Opportunity has no tall feathers and when it gets by, you can't catch it. We believe in the old adage: "Hit the iron while it is hot."

If you anticipate building, why not come in and let us show you what we have to offer. We handle an excellent line of Cement, Roofings, Paints, Builders' Hardware, Windows, Doors, Brick, Lumber of all grades, etc. We are also equipped to turn out practically any kind of millwork.

...We feel that we can supply your needs at attractive prices.

Jno. C. C. Mayo College Notes.

School opened with the best enrollment in the high school and college departments since the war. The local patronage has steadily increased and is, at the present time, very gratifying. A number of students of former years enrolled with us for other courses. We are glad to have them and hope to have others.

A number of local people came out to encourage us with their presence and to wish us well. This is appreciated.

Friday, September 16 was celebrated as Founder's Day, that being the birthday of the late Jno. C. C. Mayo. An appropriate program was rendered.

Capt. Rice Hare.

Capt. and Mrs. Martin R. Rice, of Ithaca, N. Y., accompanied by their little daughter, have been the guests of Judge and Mrs. H. B. Rice for the past few days, leaving for Winchester, Ky., where they will visit Mr. and Mrs. C. D. Temple. Mrs. Rice's parents, for a few days after which they will return to their home in New York. Mr. and Mrs. Rice drove their automobile from New York to Louisa and will return home in the car. Capt. Rice is instructor in Cornell University at the above place.

Local and Personal.

Mr. and Mrs. Hubert Pack of Ashland, have been visiting Mr. and Mrs. Will A. Ward for a few days. Mrs. Pack will be remembered as Miss Marie Cassidy, a sister of Mrs. Ward.

Mr. and Mrs. Stanley Temple of

Cleveland, Ohio, are visiting Mrs. Temple's parents, Mr. and Mrs. G. B. Vaughan. They will visit Mr. and Mrs. C. D. Temple in Winchester before returning home.

Paul B. Hall left Monday for Louisville where he will attend the Louisville Medical College.

Robert Vaughan left Sunday for Louisville where he will resume his studies in the Louisville College of Dentistry.

TWO GIRLS.

YATESVILLE

All of our farmers and housewives are engaged cutting corn, making sorghum and stringing beans. Everybody here has employment of their own which makes us a sort of independent people even if the coal works do shut down.

A great many court goers have been on the road ever since Monday.

Steuben Graham of the head of little Cat, motored through here to Louisa and back Friday.

William Blankenship and family moved to their new home on the Casey Branch and Thomas Bentley and family is domiciled in the house vacated by Blankenship.

Albert Hammonds, a prominent farmer and stock merchant of the head of Cat, was through here one day last week.

Mrs. L. E. Bradley and Mrs. James Hughes are on the sick list and we are minus a neighborhood doctor at this time, doctor Rice having recently moved to Louisa.

Frank Coburn of the East Fork section was through here Monday.

All of the patrons of our school are lining up and sending to school much better than usual. Miss Damron, the teacher, is doing excellent school work.

Some of our Louisa and Webbville pike is seriously in need of repair especially the bridge that is here near the Yatesville switch board. It is now nothing but a trap and we are listening for some serious accident to happen almost daily as it is the only way by which machines and wagons can travel, there being no possible way to get around it.

Bean stringing is all the go.

COUNTRY GREENHORN.

CATLETTSBURG

Visited in Toledo.

Judge and Mrs. J. H. McConnell, who are guests of Mr. and Mrs. Adelbert Crowell at Toledo, Ohio, are expected home this week. Master Charles McConnell Crowell, who suffered from blood poisoning caused by his foot having been pierced by a nail, has not entirely recovered. The McConnells majored to Toledo with the Crowells in their car.

Had Charge of Prosecution.

Hon. John M. Watkins was here on his return from Iowa where he had charge of the prosecution of the McCoy of the noted case in which the latter is charged with the willful murder of his uncle, Judge McCoy. The defendant is a very wealthy man. He is charged with dragging his aged uncle by his beard and of cutting his throat. The case was continued until the 5th of December.

Court News.

Boyd county's war against the bootleggers and the whiskey traffic which has been in active operation for the past two weeks has attracted the attention of law enforcing officers throughout the state of Kentucky.

The grand jury which adjourned after making 158 indictments, 75 per cent of which were for violation of the laws governing whiskey, has been complimented by scores of citizens in Ashland and Catlettsburg. The jury had a difficult task to perform but an inspection of the county jail, in which sixty men and women are imprisoned, will show they completed the task well and deserve the commendation of all.

Bert Taylor and Ernest Dove of Boyd co., were sentenced to serve 3 years in the state penitentiary when they pleaded guilty to charges of stealing an auto belonging to J. C. Griffith of Cammonsburg.

The heaviest sentence imposed during the final week of the September session of circuit court was that given to Martin F. Christian of Elliott co., on a charge of abandoning his infant children. He was sentenced to serve five years in the state penitentiary.

Local and Personal.

Miss Helva Mullins has had a delightful visit to a cousin at Orange, Va. and to Mr. and Mrs. James Trimble and family at Washington, D. C. She accompanied the Trimbles on a fishing trip.

Miss Marjorie Price left the last of this week for Paintsville to be the week-end guest of Miss Elizabeth Buckingham.

Born Sept. 14, to Mr. and Mrs. Raymond Emerick at their home in Ashland, a handsome daughter. Mrs. Emerick was formerly Miss Elizabeth Richardson of Charleston, a charming young lady.

Miss Anna Jane O'Neal, who has been the guest of her cousin, Mrs. Kelt Mills has returned to Georgetown where she resumes her position as a nurse in a leading hospital.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting, twinges, headaches, dizziness and distressing urinary ills? Louisa people recommend Doan's Kidney Pills. Ask your neighbor! Could you ask for stronger proof of merit?

Mrs. Frank Pigg, Water St., Louisa, says: "I suffered with many kidney symptoms, all of which were painful and annoying. Through the back and hips were my weakest spots and I could scarcely stand the dull, heavy pain and lameness, which existed in these places. I was weak, tired and sick in body and spirit. I had tired, nervous headaches and dizzy spells often annoyed me. I also was troubled with the irregular condition of my kidneys. Doan's Kidney Pills were finally brought to my notice and on procuring a box at the Louisa Drug Store Co., I began their treatment. They rejuvenated my kidneys, quickened the action of these organs and entirely rid me of the suffering." (Statement given January 27, 1908.)

On December 2, 1920, Mrs. Pigg said: "Doan's Kidney Pills rid me of a severe attack of kidney trouble in 1908. My cure has been a lasting one."

WEBBVILLE

Coburn Blevins was in Webbville Saturday.

Webbville is rather dead now it seems or some people think so, as the people are too busy to talk about her. Wake up, let's all send in a word or two and maybe it will all make a letter.

Miss Stella Kitchen was at Webbville Saturday.

Celia Belle Griffith and Virgie Kasee were visiting Sunday school at Orr Sunday.

Homer Stewart and family were visiting relatives at Jean Sunday.

Miss Ruby Pennington attended church at Antioch Sunday.

Ernest Pennington and family of Grayson were visiting his father at this place Saturday and Sunday.

Ruth Smith is visiting her mother at Portsmouth, O.

Prayer meeting is progressing very slowly at present, but we hope to see a lot of the christians get out and open their mouths. It would be better than so many at the ball games. Give God the glory and not man.

Mother.

Whose love can equal the love of a mother; whose devotion is so loyal and true; who suffers so much with such joy for others, who works with such pleasures as mother for you.

You hail with delight the friendship of others; you revel o'er love of the sweet heart you've won, yet, where do you find a friendship like mother's, unbroken till death calls and life's work is done.

THEODORE ROOSEVELT

left memories that are dear to the hearts of every true American citizen. He was typical of American energy and spirit and his life proved to what heights one may rise from a lowly start.

He said:

"If you would be sure you are beginning right, begin to save."

To this advice we add the invitation to start your bank account at

MR. and MRS.

What wonderful thoughts come up when these two observations are printed in a news item—what intense human interest these portray.

In the country weekly paper, they take the one big place in all news items, from the simple visit to relatives to the larger matters of human life.

"Mr. and Mrs."—the great news item of the universe, the bringer of recollections to the man far from home, who takes his old home town paper, and reads the items of Mr. and Mrs. and let his mind wander back to the days when he knew the Mr. and Mrs. in knee pants, and shall we say, short skirts.

It's the home town paper where the real Mr. and Mrs. news items occur—and to receive the home town paper week in and week out is to know the great happenings of the world, the doings of Mr. and Mrs.

"Subscribe for Your Home Town Paper" Week is the second week in November, 7th to 12th. If you don't take the home town paper, subscribe then. If you do take it, renew your subscription then.

HENRY BLANKENSHIP
SHOT FROM AMBUSH

Henry Blankenship of Vulcan, a deputy sheriff of Pike co., was shot to death from ambush near Majestic Saturday morning. Two of the several men wanted in connection with Blankenship's death were arrested several hours after he had been shot. The names of the men in custody of the Pike county authorities were not learned.

The body of the slain man was said to have been riddled with bullets and it is believed no less than seven or eight men were engaged in the shooting.

It was said Deputy Sheriff Blankenship lived on the West Virginia side of the river, but was an officer of Pike county and was in no way connected with Sheriff Pinson's forces in Mingo county, according to information direct from Sheriff Pinson at Williamson.

The shooting of Blankenship, which occurred on Poplar creek, between Majestic and Cedar, is said to have created considerable feeling. Blooded men aboard passenger train No. 17 which stopped yesterday at Cedar to take aboard two of the persons charged with Blankenship's death who were being taken to Pikeville, Ky., said the officer in charge of men feared he would have had considerable trouble had the train been late. Friends of the dead officer were gathering fast and a bitter feeling has been worked up against the alleged murderers, it was said.—Bluefield Telegraph.

Eastern Kentucky's
Poor Train Service

(The following is from the editorial columns of the Courier-Journal:)

The gentlemen from Ashland who have been reconnoitering in the Big Sandy Valley found the railroad service poor. That is no discovery. Every one who has ventured into that territory has been struck immediately with the poor equipment, the slow trains and the circuitous routes. It has been said by a traveler who knows the Big Sandy thoroughly that no criticism of the railroad service there, no matter how severe, is baseless.

The Courier-Journal has long been interested in obtaining better passenger train facilities for Kentucky, not between any particular points, but for the State at large. Louisville, it happens, although the metropolis, is almost inaccessible to people from certain parts of the State, but Louisville's antiquated railroad service is no worse than that of many other Kentucky towns and cities.

Indeed, to travel in some parts of Kentucky is a hardship. Even the most prosperous parts of the State which have contributed to the support and prosperity of railroads are shamefully treated. A trip of a hundred miles often involves lost time, to say nothing of discomfort. The poor sleeping car service between important centers is responsible for routing people out in the gay of the morning and the scarcity of trains makes it necessary for busy men to devote eight hours to a trip which should take three.

The railroads in Kentucky seem to think we are living in the Nineteenth Century. Their slow accommodation trains, poor equipment and quixotic time arrangements, indeed, have all the savor of the days immediately following the demise of the stage coach and the pony express.

The result of this lassitude toward the needs and just requirements of the State is to retard development, prevent progress and stave off prosperity. It has been said that one of the chief differences between civilization and barbarism is that the former human state is characterized by easy means of communication, while the latter depended upon foot trails.

Kentucky has waked up; at least all of Kentucky except the railroads. They seem intent to continue their curious old, scheme of things forever. The question, "What's the matter with Kentucky?" must be referred to them for solution. It is not a matter of favoring one city against another, but a wholesale rejuvenation of the train service that Kentucky is asking and has a right to expect.

Give Kentucky trains on more reasonable schedules and it will be prosperous. Put in overnight and latter-day time cards and equipment and the business man will sail forth. Treat Kentucky fairly and Kentucky will repay the effort. At present Kentucky is getting the worst of it.

LOUISA

The beautiful little Kentucky town where the grass grows the greenest the year round, and the flowers fragrance is the sweetest.

And the girls of Louisa are always the neatest.

Of this Kentucky town.

The sun always shines the brightest and the skies are always the lightest and the song birds always sing the merriest.

The men and boys are the wildest.

Of this Kentucky town.

And yet it is Louisa, home, sweet home it's the most beautiful place where ere I roam.

O'er the hills and valleys where 'ere they lie, so carry me back to Louisa there to die.

In this beautiful Ky. town.

POPULAR SCIENCE
FOR OUR READERS

They used to say that "money makes the mare go!"

No longer true. Science makes the mare go. And money itself also works for science now.

It is amazing how rapidly science has become the rule of the world in the first two decades of the 20th century. To cap the climax, science, far more than human hands, fought the greatest war in history.

Science governs our lives nowadays from the cradle to the grave. The most successful food raising is governed largely by science. We raise our babies more scientifically. Our schools are now scientifically run. Our homes are full of scientific inventions, our tools of industry are scientifically manufactured and our amusements are marvels of science.

This prelude is to introduce our readers to a new enterprise which this newspaper is about to present to its readers as a regular feature of our news columns. Through our representative, the Autocaster service, we have made special arrangements with the POPULAR SCIENCE MONTHLY, one of the country's leading informative magazines, to print simultaneously with that journal, illustrated features of the latest and most interesting facts in current science.

POPULAR SCIENCE is a careful and accurate collector of scientific news of the highest interest, and it pays thousands of dollars a month for the features that this newspaper has arranged to print simultaneously with it. Our readers will now share with POPULAR SCIENCE readers in these interesting, entertaining and educational features.

FRECKLES.

SIMPLE INVENTION
FOR YOUR BOY

Here's how your boy can make his own Jack-o'-Lantern for Halloween, providing he has one of those inexpensive flashlights that many boys have. He takes a common collar box, or handkerchief box and cuts the eyes, nose and teeth in the cover. In the bottom of the box he cuts a circular hole into which he fits the flashlight. That's all, except to turn on the juice! Copyrighted feature from Popular Science Monthly by special arrangements.

WHERE POWERS OF WORLD MAY AGREE TO LAY DOWN ARMS

This new picture just taken of the Pan-American Building at Washington shows the beautiful structure all ready for President Harding's International Disarmament Conference, scheduled to start Nov. 11. It is considered the most beautiful building in the national capital and a fitting scene for such an historic meeting as the session promises to be.

HOW TOWNSPEOPLE AND FARM FOLKS CAN
COOPERATE FOR BENEFIT OF EACH

PRESIDENT HOWARD, CHIEF OF FARM BUREAU, WRITES FOR THIS PAPER ON 20TH CENTURY SUBJECT, DEVELOPING THE GREATER COMMUNITY SPIRIT.

James R. Howard, an Iowa farmer and the President of the American Farm Bureau Federation, speaks for organized agriculture in the following article he touches on a question near to his heart—the development of a community spirit between townsmen and farmers.

By JAMES R. HOWARD
President of the American Farm Bureau Federation

Copyright 1921, by the Publishers Autocaster Service Co.

Townpeople and farmers are not two alien races but brothers facing the same problems; a spirit of cooperation between them is absolutely necessary if our nation is to reach the Promised Land of Normalcy. One of the great tasks of our national farmers' organization—the American Farm Bureau Federation—is to bring to the town man a better understanding of the farmer and the farmer's problems, while we consider it equally our task to interpret justly to the farmer the town man and his problems.

EXAMPLE OF RELATIONSHIP

The relation of the farmer and the banker serves well to illustrate our point. Certainly their problem is parallel. The banker conserves the fiscal wealth of his community, storing and distributing it as need may arise and occasion justify. It is his business to use this fiscal wealth in such a way as will create new accumulations of wealth and safeguard the interests of the community. It is the farmer's business to conserve the soil wealth of the community, distributing the products as the needs of society may indicate.

JAMES R. HOWARD

but always, if we are good farmers, having in mind an accumulation of fertility on which the drafts of future generations may be drawn.

All know that the farmer is the principal producer of the fiscal wealth of the nation. The banker is interested in the fiscal wealth, and if the farmer fails to produce not only the banker's business but all business suffers. The farmer's problem is certainly the townsman's problem. The period of stagnation from which we are just emerging is but sad proof of this.

FARMER WILL NOW HELP

For several decades cities and towns have had various forms of organizations to work on economic and social problems. They have accomplished much. Most of this time the farmer has been unorganized. His own problems have been neglected and he has been in no position to aid the townsman. That time has passed.

American agriculture is now organized as agriculture never before in the history of the world was organized. Problems peculiar to the agricultural industry are being at-

tacked; much has been done in finding their solution.

And not only is the farmer in a position to aid himself, but he now comes to the aid of his town brother. In a national way such programs as good roads, reduction of freight rates, taxation—all problems of vital concern to the town man—are receiving the heartfelt support from organized agriculture.

THIS IS COOPERATION

In the local units opportunity is afforded for the closest co-operation. Schools, roads—the particular features on which such a co-operative spirit might be developed, are immaterial. Only yesterday from down in Missouri came the story of one example of town-country co-operation: Through its agricultural committee the commercial club of Columbia, Missouri, is furnishing a market new service to farmers. The plan is to list free of charge any grain, livestock products, farm machinery of all kinds, and even land or farms that the owner would buy or sell. The committee believes that owing to the almost prohibitive high freight rates existing today, that it is to the advantage of the producer to sell or buy whenever there is an opportunity near at home.

SCHOOLS COME FIRST

When the question is asked me, "In what particular can country and town best co-operate?" the word school immediately comes into my mind. Country and town co-operation in the establishment of consolidated schools find a common ground. Even closer the tie can be drawn by making the consolidated school a real live community center.

My own home is on a farm out in Iowa, five miles from the town of Clements. There we have that real community spirit. We have a park—a community park built by farmers and townpeople—and it is a real park.

Townpeople and farmers are not two alien races, but brothers facing the same problem.

LIFE SENTENCE GIVEN
FOR THIRD TIME

Pt. Pleasant, W. Va., Sept. 19.—W. H. "Holly" Griffith, double "lifer" at the state prison was for the third time sentenced to a life sentence in the penitentiary by Judge O'Brien in circuit court here early today. The jury which went out Saturday night, returned a verdict of guilty of murder in the first degree this morning. Life sentence and solitary confinement for one year was recommended.

Judge O'Brien disregarded the solitary confinement recommendation and sentenced the prisoner to life.

Griffith was decidedly relieved by the sentence. He expected the death penalty. The now triple "lifer" was convicted for the murder of Ira Roush, a river man at Antiquity City, O., January 13. As an ex-convict he had made his way from Moundsville in the north section of West Virginia to Antiquity, Ohio, near here.

He is alleged to have shot and killed Roush, captured his motor boat and fled with it to Portsmouth, Ohio. He went by rail it is believed, from there to Greenwood, S. C., where he was arrested January 26.

FUNERAL MEETING.

The time for the funerals of Chas. Ramey's daughters of Rove creek to be preached by Rev. J. O. Black and Rev. Casady has been changed. It was first announced for the third Sunday in September. Owing to the fact that the Protestant Methodist conference was in session at that time at Tyree chapel the date for the funeral meeting was changed to the first Sunday in October at 11 o'clock, at Buchanan chapel church, Zella, Ky.

Notice to Contractors.

September 7, 1921.
Sealed bids will be received by the State Highway Commission at the office of the State Highway Engineer, Old Capitol Building, Frankfort, Ky., until 2:00 P. M. on the 28th day of September, 1921, for the improvement of the Mayo Trail from Bolts Fork at the Boyd County line station 6 plus 00 to the northwest corporate limits of Louisa, station 955 plus 76.7 in Lawrence County a distance of approximately 18.7 miles.

This road is officially known as State Project No. 6 Section A on the State Primary System in LAWRENCE COUNTY. This project is also known as Federal Aid Project No. 58.

This improvement will consist of shaping the road, constructing necessary drainage structures to a width of 24 feet on fills and 28 feet in cuts as a grade and drain project in accordance with approved plans and specifications.

Instructions to bidders, forms of proposals and specifications may be secured at the office of the State Highway Engineer, Old Capitol Building, Frankfort, Kentucky.

Blue prints of this work may be obtained from the Department of State Roads and Highways by forwarding check of \$30.00 for complete set or any part of same at the rate of 20c per sheet, made payable to the State Treasurer, credit of the State Road Fund.

Each bidder must accompany his bid with a bond or certified check for \$12,500.00, payable to the State Treasurer, credit of the Department of State Roads and Highways.

The right is reserved to reject any and all bids.

THE MIDNIGHT CALL.

The doctor hears the noisy bell, and staggers to the phone; then silently he dons his garb, and marches forth, alone; a chill pervades the empty street, and stings his weary form, while others, in their cosy cots are comforted and warm. Through all the tollsome weary day he battled with his foes, anticipating in his way, a night of earned repose. But ah, how vain the doctor's hopes! The thought of peaceful rest, or happy hour to call his own, eludes his constant quest. 'Tis his to strive for competence against the rainy day, and his to heal the suffering ones, that fall beside the way; 'Tis his to lend the cheering smile, and lift the wasted form,—no matter how the midnight chill, nor how severe the storm. For him, there is no peaceful dream,—no restful hour is set, wherein this silent, earnest man may rally,—or forget. God, give him strength to overcome his heartache, one all all, and lead him gently when he makes his final midnight call!

For every family.

Withdraw From Races.

The following Democratic nominees have withdrawn from the various races: R. E. Robinson, for jailer; Mrs. Effie Day, for circuit court clerk; E. D. Stephenson, as circuit judge, and it has been reported that Grover C. Rowe will withdraw from the race for sheriff. On Thursday, September 22, steps will be taken to fill these vacant offices.

Extended Western Trip.

W. M. Smith and daughter, Octavia, and sons Jake and Ike spent the summer in an extensive auto tour of the West. They left June 28 and motored through Indiana, Illinois, Missouri and Kansas to Denver. From Denver they went to Cheyenne, Wyo., where they took in the "Round Up" fair. After leaving Cheyenne they visited the Yellowstone National Park where they met face to face, its huge bears and bathed in the beauties of its majestic geysers. Journeying through to Phoenix, Mr. Smith and daughter separated from Ike and Jake, the former remaining there to enter school and the latter to further recuperate from an injured limb he sustained in an accident several months ago. Mr. Smith returned to Pikeville Saturday. He gained 25 pounds while on the trip and his daughter's health was much improved.

Court News.

Circuit court convened here Monday with Judge Roscoe Vanover presiding and Hon. J. M. Bolling prosecuting attorney.

Stephen Osborn of Myra was appointed foreman of jury. In his instructions to the grand jury, Judge Vanover dwelt at length on "moonshine" violations and carrying pistols. He read and commented on the Federal prohibition laws and called the jury's attention to the finer points of the law. He said the man who gave another a drink of whiskey had violated the law as truly as if he had sold him a gallon.

Thirty of the thirty-four murder cases over the trial of which I have presided as judge were caused by whiskey, the judge declared. To show the wantonness of the crime wave now sweeping over the country he said that he had tried one case where a father killed his son, another where a son killed his father and another where a brother killed his brother.

Ed Williams, colored, who some time ago broke jail here with four others, was given a two year sentence Wednesday for assaulting Mrs. Younce, a washerwoman, at Coal Run shortly after his escape from prison. At the time of the crime Williams waylaid Mrs. Younce at the mouth of Ivy Hollow, but fortunately for his victim people living near by were attracted in time to "frighten the negro away." Mrs. Younce was carrying some money when she was attacked, but the negro did not succeed in getting it, although he had beaten her about the head until she was unconscious. The charge against the negro was assault with intent to rob. When arraigned for trial he pleaded guilty and the jury promptly gave him the highest penalty provided for the offense, which is two years in the "pen." Afterwards some of the jury expressed a regret that there was not a more severe penalty for such a heinous crime.

Board Grants Parole.

Paroles were granted this week by the State Board of Charities and Correction to Ben Markel, Pike county, manslaughter, six years, 1917.

Rose Matthews, Pike county, confederate, one year, March, 1921.

Local and Personal.

Work has started this week on the basement of the James Hatcher hotel. When this is completed it will be one of the best hotel buildings in the state.

Mrs. Charles Keyser, Jr., left Tuesday.

day morning for Huntington, W. Va., where she will be the house guest of Mr. and Mrs. Pennington.

Mrs. Warren White and daughter, Lenore, left Saturday for their home in Port Pierce, Fla., after an extended visit with Mrs. White's parents, Mr. and Mrs. S. H. Wright.

Mrs. J. M. Bolling returned Tuesday from Knoxville, Tenn., where she had been visiting her son, Grano, who is attending the University of Tennessee.

Miss Rachel Crawford who has been visiting in Ashland returned Saturday night and spent Sunday with Miss Violet Walker and left Monday for Elkhorn.

W. K. Elliott, who is in the retail coal business in Cincinnati spent a few days here this week with his family. He contemplates moving there in the near future.

Miss Elizabeth Cockill returned to Lexington Sunday where she will be a student at Hamilton College again this year. Miss Cockill was accompanied by her mother, Mrs. J. V. Cockill.

Mrs. R. T. Gentry and daughter, Virginia, returned Wednesday from a delightful visit with Mrs. Monroe Fields and Miss Lucetta Cassidy. While away they stopped in Lexington and attended the fair.

Sidney Leslie, formerly of Pikeville, who has been in the jewelry business in Logan for several years, spent Sunday with his sister, Mrs. F. Tom Hatch.

Mrs. W. W. Gray left Tuesday for Louisville for a visit with her mother, Mrs. W. A. Potter and her sister, Miss May Potter.

Thomas M. Harman left Friday for Lexington, Va., where he is a sophomore at Washington and Lee University.

Mrs. E. D. Stephenson and sons, Jim and Joe, have returned from an extended visit with Mrs. Stephenson's parents in Greenup.

Mrs. Lydia Wilson of Louisa, was in Pikeville Tuesday.

W. M. Connolly left Tuesday for Cincinnati, Ohio.—Pike County News.

CATLETTSBURG

Local and Personal.

The body of George W. Taylor, 15, son of A. J. Taylor, farmer, of Adena, died at the hospital of acute appendicitis and peritonitis. The body was sent to the home at Adena for burial. The boy was brought to Ashland Tuesday night in a critical condition. This is the first death in a family of 12.

Estelle Riffe was tried on a charge of non support of children and was given five years. Riffe was formerly a deputy sheriff.

Miss Lucy Cyrus, one of our popular teachers, left Friday for Buchanan to be the guest of relatives for the week-end.

Mrs. Greener and daughter, Miss Georgia, are guests of friends in Louisa at present.

IN MEMORY

In sad but loving remembrance of our dear friend, Mrs. Stella Carter Wheeler, whose soul took its flight to the God who gave it, Sept. 2, 1921.

In the death of Stella the husband has lost a faithful wife, the mother a kind daughter, sisters and brothers a loving sister, but heaven has gained another angel. Her sister being anxious to know how she felt about dying asked her if she was all right. Her reply was "yes." Oh, what a thought to us. We know where to find Stella, in a land of Paradise, where no sickness is ever found to take our loved ones from us, but all is peace and love.

What a comfort this should be to loved ones. Stella is not dead, only sleeping the sweet sleep, which all sleep that die in Christ. She was laid to rest in the family cemetery there to sleep the sweet sleep till the dead in Christ shall rise.

A gentle voice said "come" And with farewells unspoken She calmly entered home.

Call not back the dear departed anchored safe where storms are fiercer on the border land we left her, soon to meet and part no more, when we leave this world of changes when we leave this world of care we shall find our missing loved one in our Father's mansion fair.

Our Father doeth all things well, although our hearts with sorrow swell. He bid us trust and weep no more for we shall see those gone before.

A FRIEND.

MEAD'S BRANCH

Church was largely attended at this place Sunday. Mr. and Mrs. Levi Miller were calling on friends at Little Blaine Sunday. Mr. and Mrs. Eva Blackburn and Nora Daniels passed down our creek Sunday. Mr. and Mrs. A. H. Miller were the dinner guests of Mr. and Mrs. Charley Nelson Sunday. Mr. and Mrs. Leo Meade were visiting friends at Muddy Branch Sunday. There will be a pie supper at the Mead's Branch school house Saturday night, September 24. Everybody invited. Mrs. Dove Johnson, who has been spending a few days in Logan, W. Va., has returned home. Do not forget the pie supper and everybody come.

Birthday Party.

Tuesday evening a very pleasant birthday party was given by Dr. and Mrs. J. Sizemore and Mr. and Mrs. Mike Blevins in honor of their mother's 86th birthday.

Delicious refreshments were served consisting of sherbet punch, and a beautifully decorated cake, with date 1835, the year in which their mother was born. After a pleasant evening of music, etc., the guests departed, wishing the guest of honor many more happy birthdays.

Breaks Leg.

Billy Callihan, little son of Dr. and Mrs. W. R. Callihan, pulled a bicycle over on him last Sunday afternoon and broke his right leg above the knee. His father and uncle gave him immediate attention and took him to Ashland Monday morning to have an X-ray examination made. The break is a rather bad one, slanting with a split on one side, but it will heal with no permanent injury.

W. F. Stratton Dead.

Walter Frank Stratton of Betsy Layne died as a result of epilepsy at the home of his parents, Mr. and Mrs. Granville R. Stratton Sunday. He was past thirty-five years of age and had been a sufferer of epileptic fits a large part of his life. He joined the Methodist church when about 16 years old. His remains were taken to his old home at Dewey for burial Monday and the funeral services were conducted by Rev. A. W. Rowe of Betsy Layne. He is survived by his parents, Mr. and Mrs. Granville R. Stratton, and one brother, W. H. Stratton of Betsy Layne and three sisters, Mrs. W. J. Mayo of Betsy Layne, Mrs. W. T. Lockhart of Cliff and Mrs. Anna Auxier Webb of Port Gay, W. Va.

At Royalton.

Dawkins Lumber Co.'s general manager, Mr. Mortarman was badly injured Thursday when his motor car turned over with him. His nose was broken and some bad gashes were cut on his head. He was taken Friday to a hospital at Ashland.

Died in Virginia.

Charley Snavely of Chilhowie, Virginia, brother of our townsman Rans Snavely, deputy sheriff, died Monday morning. He was seventy-three years of age and leaves a widow, three sons and three daughters.

Col. Richmond Out.

Col. I. Richmond is now seen quite frequently on the streets. He has some difficulty in finding food that always agrees with him. He now gets-in-law, F. H. Cottrell is also convalescent in a Cincinnati hospital.

Local and Personal.

Mrs. C. Y. Ligon and daughter, Miss Sally Gatewood, returned this week from an extended visit to West Virginia.

Lon S. Motes, popular C. & O. agent, will leave the latter part of the week for Richmond, Va., for a several days conference with his company.

Jim Frazier left Friday for Louisa for examination and perhaps a surgical operation.

Mrs. A. C. Harlowe is guest of her mother, Mrs. S. R. Fortney of Lumberton, W. Va. She was accompanied by far as Huntington by her husband and son, Robert.—Prestonsburg Post.

NEGO SLAYER DIES IN JAIL.

Floyd O. Hale, an aged negro, accused of murder, died in jail at Pikeville Friday night of heart disease. Hale was charged with killing an Italian named Grubbs at Stone, Ky.

CADMUS

Clifton Hulet had the misfortune to get painfully hurt one day last week. Adam Harman, our Notary Public, took the acknowledgment of a deed last Thursday night by lantern light in ten feet of the Boyd county line. He hitched his horse to a dogwood bush standing over the line in Boyd county and his horse stood in Lawrence county. Hiram Lambert and Jas. McDowell were at Louisa last Thursday. G. W. Handley was hauling his winter's coal from Poorhouse branch last week. Mrs. Roberts and little daughter passed down our creek one day last week. Doshie Harman, of Wheelwright is visiting relatives at Cadmus this week. Mrs. Nancy Harman and little Dock and Banner Fugate motored to Louisa Saturday. James Moseley's little boy has been very sick for a time, but is now better at this writing. The writer has been informed that Wm. Russell and W. H. Whitte have taken their teams and gone to near Guyandotte, W. Va., where they have a job of hauling. Little Banner Fugate and Webb Roberts, two of Lawrence county's choice young men will attend school at Louisa this fall and winter. Joe Swetnam of Blaine was on our creek one day last week. Misses Elizabeth and Doshie Roberts of Cadmus are attending school at Louisa. James McDowell of Fairburg contemplates moving to Greenup county in the near future. Little Theima Chadwick, who has been sick so long, is better. Clarence Skene and wife of Meredith, W. Va., were at Adam Harman's Thursday on legal business. George B. McGlosson, our Cadmus merchant and postmaster, is doing a good business and is one of Lawrence county's best men. Callahan Ball and wife passed up our creek Sunday enroute to Dennis. It is very wicked to poison the hearts of little children against their neighbors until they will not speak to them. Teach the child the way it should go and when it is old it will not depart from it. (Bible). Bro. James Ellis and wife and uncle John E. Scott and wife attended church at Green Valley Sunday. The funeral of aunt Martha Moore will be preached at the Long Branch school house Sunday, Sept. 25th. Zachariah Bellomy of Zelma, was on Catt last Monday assessing. Mrs. Susie Fugate was visiting Mrs. Nancy Harman Sunday. Rev. Howard Hutchison of Huletts, Cleveland Moore and others have been talking of holding a meeting at Green Valley, one of the dearest points we know of. Let us pray for a revival that will take away selfishness and bring those that spend their time in criticism of each other down on their faces together before the Lord crying out for the salvation of lost souls. A revival that is like a tornado, will sweep away all sin and carry every one that comes in its path heavenward. A revival that will fill the hearts of saints with the holy love and so burden the hearts of the ministers that the word of God will flow like a gentle river. A revival that will help the people to honor God and so fill the saints with love that they will rejoice as they did on the day of Pentecost. O, man of God pray to this end. SPUNK.

Stock Law Election.

Notice is hereby given that a poll will be opened in Catt voting precinct, Lawrence county, Ky., at the regular November election 1921, for the purpose of ascertaining the will of the voters of said precinct upon the question whether or not they wish cattle, horses, mules, sheep, goats and hogs to run at large in said precinct. Given under my hand, this August 27, 1921. WM. TAYLOR, Sheriff of Lawrence County.

BUSSEYVILLE

(Delayed)

Rev. Sparks preached his last sermon for this years work the first Sunday. Rev. Burgess filled his appointment at this place Sunday. Miss Hazel Muncy is visiting relatives at Williams. B. C. Hughes made a business trip to Webbville a few days ago. Mrs. Arnold Bowe is on the sick list. Mr. and Mrs. Harlan Blackburn and Miss Fay Shannon called on Mrs. Corlida Bussey Sunday afternoon. Miss Bevia Bradley spent Tuesday with Mrs. Belle Carter. Lee Adams called on Miss Mary Adams Sunday. Ray Thompson and Charley Adams left Sunday for Ohio. Guy McCormick, who has been spending several weeks with his grandparents of this place, has returned to his home in Huntington, accompanied by his aunt, Miss Ruby Pigg. Elgy Kendall of Zanesville, Ohio, spent Thursday and Friday with L. E. Pigg and family. Milt Pigg is suffering with a sore foot. The revival meeting closed at Smoky Valley Sunday night. Mr. and Mrs. Leo Nolan called on Mr. and Mrs. T. H. Bowe Sunday. Mildred Pigg spent Monday night with her aunt, Gertrude Pigg. Mrs. Ham Bradley and daughter, Oale, called on Mrs. Belle Carter Tuesday. Mrs. Mary Shannon, who has been visiting her daughter, Mrs. Corlida Bussey, has returned home. L. E. Pigg has begun work on his barn. Joe Bussey is visiting home folks. KILIMA.

CAN SCIENCE PUT YOUR HOUSE ON WHEELS?

A New Jersey man has invented this Automobile bungalow. It has kitchen, pantry, sink, bedroom, stove and the front seat is a living room, a dining table being fitted over the radiator when needed. Through scientific weighting it is not top-heavy. Copyrighted feature printed by this paper by special arrangement with Popular Science Monthly.

NO MORE SHOUTING WHEN YOU SPEAK

One of the great inventions of the 20th century is the "amplifier," the invention of the telephone scientists of America. The accompanying copyrighted picture, printed by this paper by special arrangements with Popular Science Monthly, shows the instrument as used in the open air. A concert in Chicago, carried over ordinary telephone wires, was heard three miles away from where this amplifier was stationed at Yama Farms, N. Y. An earlier "amplifier" was used in the conventions that nominated Harding and Cox, and men on the platform, speaking in an ordinary tone of voice, could be heard distinctly in the farthest corner. This remarkable invention is result of study by scientists for the best device to detect air raids in advance during the war.
